Chicken soup is delicious and nutritious,
which means it's very good for you.

If you are not feeling well, a bowl of chicken
soup can cheer you up!!

It's easy to eat and so tasty.

Chicken soup is a favorite all over the
world.

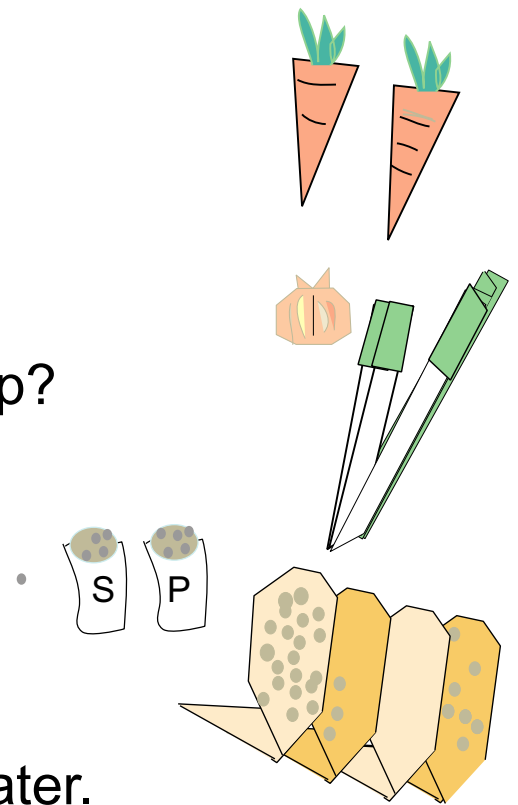

So what do we put in our chicken soup?

We need several ingredients.

The main one is chicken with carrots,
celery, some onion if you wish, some
chicken stock powder or cube and water.

That is all you need to make a delicious
soup.

Put everything in a big pot and bring to the
boil and then simmer for 2 hours.
